Efficiency is just one of Sunder Packages many hallmarks.

The Sunder Packages is a nationally leading provider of industrial packaging. Founded in 2006 and with our headquarters in the Pakistan province of Punjab Faisalabad we develop, manufacture and market packaging solutions for many of the most renowned companies in the major industrial branches.

The portfolio of our manufactured products comprises plastic packaging, injection parts and rotational molded products as well as stationary and auto parts. In addition Sunder Packages offers a consultancy service in all plastic packaging fields. The combination of newly manufactured packaging and our comprehensive recollection and professional experience in service is typical of Sunder Packages - and a driver for the success of Sunder Packages customers.

Quality is our best policy

In our organization we completely focus on quality. We are producing products according to national and international standards.

We keep working to keep you profiting.

Sunder Packages HAS LONG PERSONIFIED SUCCESS IN THE GLOBAL INDUSTRIAL PACKAGING MARKET.

Our company combines more than 15 years of packaging technology experience with a profound understanding of specific market requirements. In the course of our long history we have frequently initiated patents, inventions and innovations that came from our own research and development laboratory. Many of them have become standards in the industrial packaging field.

But that's not all. SUNDER's pioneering work in providing a full-cycle production/packaging reuse/recycling service has maintained our position as a frontrunner in our industry. We never get tired of providing you with what you need.

Your maximum security is our maximum concern.

COMPLIANCE APPLIES UNDER ALL CIRCUMSTANCES AND ON ALL COMPANY LEVELS.
